

# TEMPORARY UTILITY WORK ZONE TRAFFIC CONTROL SAFETY COURSE

Georgia Utility Contractors Association, Inc.

804 Main Street, Suite C, Forest Park, GA 30297

Phone: 404-362-9995 or 877-732-GUCA Fax: 404-362-9211 VISIT OUR WEB SITE: [WWW.GUCA.COM](http://WWW.GUCA.COM)

This one-day, eight-hour course provides the participant with the necessary training to design, select, place, and maintain traffic control signs and devices used for temporary traffic control work zones and for incident management. This training covers the principles of proper traffic control practices, as outlined in the Manual on Uniform Traffic Control Devices (MUTCD 2009) and other established applicable standards and guidelines.

Under OSHA, employees must be protected from traffic hazards. OSHA Standards, "29 CFR 1926.200 Subpart G.-Signs, Signals, and Barricades," require that traffic control devices used to protect employees from traffic hazards conform to the Manual of Uniform Traffic Control Devices (MUTCD 2009) This course also outlines the temporary traffic control signs or devices required by "Subpart VI."

GDOT requires a designated Worksite Traffic Control Supervisor (WTCS) on highways that involve temporary traffic control. This course is designed to provide the training required for a GDOT Worksite Traffic Control Supervisor (WTCS) on all highways, EXCEPT INTERSTATES OR LIMITED ACCESS HIGHWAYS.
